

Ministry of Health - Citizen Services Guide

Vaccination Services

Free COVID-19 and flu vaccinations are available at all public health centers.

Bring your national ID and health insurance card.

Mental Health Support

Citizens can access free mental health counseling through our 1212 hotline or by visiting the local health offices.

Maternity Benefits

Pregnant women are entitled to prenatal checkups and free delivery at public hospitals.

Registration should be done before the 12th week of pregnancy.

Children's Health

Routine checkups and vaccinations for children under 5 are provided free of charge.

A child health card is required at each visit.

Hospital Appointments

Appointments can be scheduled online at health.gov.fake/appointments or by calling 1234.

Emergency cases do not require prior booking.

Unavailable Topics

Information about immigration or tax policies is not provided by the Ministry of Health.
